

## ***PHYSICAL THERAPIST FOR BUSY OUTPATIENT PRACTICE***

**5-2-2011**

The Arizona Center for Physical Therapy and Rehab is looking for candidates to fill Physical Therapist and Physical Therapy Assistant positions at our busy outpatient orthopedic therapy clinics in the White Mountains of Arizona. We have outpatient clinics in **Pinetop**, **Show Low**, **Taylor** and **Eagar** Arizona and would like to add additional therapists at each clinic.

### **Physical Therapist Education and Training**

We are currently accepting applications for a Physical Therapist at different levels of education and training. All qualified PT's must have completed an accredited physical therapy education program and eligible to take the required licensure exam and have a license that is in good standing for the State of Arizona. Experience is preferred; **new graduates are encouraged to apply.**

### **Work Setting**

Physical Therapy Services are offered in our 3280 sq. ft. outpatient setting in Show Low, our newest 2800 sq. ft. office in Pinetop, 3000 sq. ft. office in Taylor and our newly expanded 3000 sq. ft office in Eagar, Arizona.

### **Therapist Job Description and Responsibilities**

Evaluate a patient's condition and devise a customized, individualized Physical Therapy rehabilitation and treatment plan to enhance strength, flexibility, range of motion, motor control, reduce pain, discomfort and swelling the patient is experiencing. Supervision of a Physical Therapy Assistant (PTA) may also be required for Physical Therapists.

***Our treatment approach is simple, "to offer exceptional one on one care to our patients".***

### **Salary Considerations for Physical Therapists**

Salary will vary depending upon Level of Training/Education, Experience, Specializations and Certifications. **Salary Range: \$35.00+ an hour.**
